## WARRANTY DETAILS

## The VersaTube Product Pledge

Pledge is our way of showing that we're proud of our products and the level of quality that they represent. Your structure will go through an extensive inspection process prior to leaving our plant, but if any component should not meet your expectations, we'll be glad to replace the part at no charge within 30 days of purchase.

The only criteria that must be met is that you bought the structure from VersaTube, the damage wasn't caused by customer modifications or mishandling, and that the structure was erected within 30 days of purchase.

The second part of the VersaTube Product Pledge provides a 20 year structural warranty on all framing components of our structures from the date of purchase. Of course, the defect can't be caused by customer modifications or negligence, an unanticipated Act of God or nature, an accident, or any type of internal or external impact. Improper assembly or installation may also void the warranty.

The customer is responsible for performing standard structure maintenance and inspections on a regular basis. We reserve the right to repair or replace any part that might not meet expectations.

**VersaTube is proud to put our name on the structures we manufacture for our customers and stand behind their quality with our industry leading Product Pledge.**

## DELIVERY OPTIONS

**Standard Delivery**  
(Customer Unloads)

**\$0**

(Included in total price)

DELIVERY ESTIMATE

**Engineered plans will be ready for your review in 35 days.**

You selected engineering plans. Once you review and approve the plans then your structure will be assigned a shipment date.

## Custom Structure Technical Specification

Tuesday, October 14th 2025, 11:51 AM
